## TECHNICAL SKILLS

---

Programming Languages: JavaScript, TypeScript

Web Development Frameworks: React.js, Next.js, Express.js, Node Js, Vite

Developer Tools: GitHub, VS Code, Postman

Design and UI Tools: Figma, Tailwind CSS, Motion for React (formerly Framer Motion)

ORM and Database: Mongoose, Prisma, MongoDB, PostgreSQL

## PROJECTS

---

- **Brainly – A productivity-focused web app designed to help users save, organize, and manage important links efficiently.**

Tech stack: Next.js, TypeScript, Tailwind CSS, MongoDB, Mongoose

- Developed a seamless bookmarking experience with real-time updates and search functionality using MongoDB queries for faster retrieval.
- Integrated responsive UI components using Tailwind CSS, ensuring consistent experience across devices.
- Implemented user authentication and personalized dashboards, enhancing user retention and session duration.
- Adopted modular design principles, improving code reusability and reducing development time by 30%.

### **Portfolio Website – A personal web platform to showcase projects, skills, and development journey**

**Tech stack:** React / Next.js, TypeScript, Tailwind CSS

- Designed and developed a responsive portfolio website to present projects, technical skills, and project case studies in a clear and structured manner.
- Implemented a clean, minimal UI using Tailwind CSS, ensuring consistent visuals and accessibility across devices.
- Structured project sections to highlight problem statements, features, and learnings, improving clarity and engagement.
- Applied modular component architecture to keep the codebase maintainable and scalable as new projects are added.
- Optimized layout and content flow to improve readability and user navigation.

## EDUCATION

---

### **Bachelor of Computer Applications**

Raisoni university

CGPA: 7.0

Aug. 2024 - May 2026 (Expected)

Higher Secondary Education

St. Paul Jr.college

June 2022 - May 2024
